International Workshop

Heraldry in Illuminated Medieval Manuscripts

Lisbon, FCSH, Campus de Campolide, Colégio Almada Negreiros, May 4th-5th, 2023

The International Workshop *Heraldry in Illuminated Medieval Manuscripts* is part of the research project *ManusEmit – European Traveling Legal Manuscripts* conducted by Maria Alessandra Bilotta, also linked to activities of the *IUS ILLUMINATUM* research team (<https://iusilluminata.fch.uni.pt>) scientifically coordinated by the same researcher.

The International Workshop is organized by the *Institute of Medieval Studies (IEM-FCSH/NOVA)* together with the *IUS ILLUMINATUM* research team and in partnership with the *Portuguese Heraldry Institute (IPH)* and the research projects *ROADMAP – Research on António De Holanda Illuminated Artistic Production* (FCT – PTDC/ART-HIS/0985/2021) and *Books, Rituals and Space in a Cistercian Nunnery. Living, praying and reading in Lorvão, 13th – 16th centuries* (FCT – PTDC/ART-HIS/0739/2020). This initiative, coordinated by researchers Maria Alessandra Bilotta and Miguel Metelo de Seixas, aims to show the usefulness of the scientific analysis of the presence of heraldic emblems in illuminated medieval manuscripts (13th-15th centuries).

This initiative also aims to facilitate synergies between different research projects and areas of knowledge and to disseminate the results of research to a wider audience, always maintaining scientific rigor, in order to promote the awareness of the heraldic heritage in manuscripts and in medieval documents, drawing attention to the importance of conserving that heritage.
